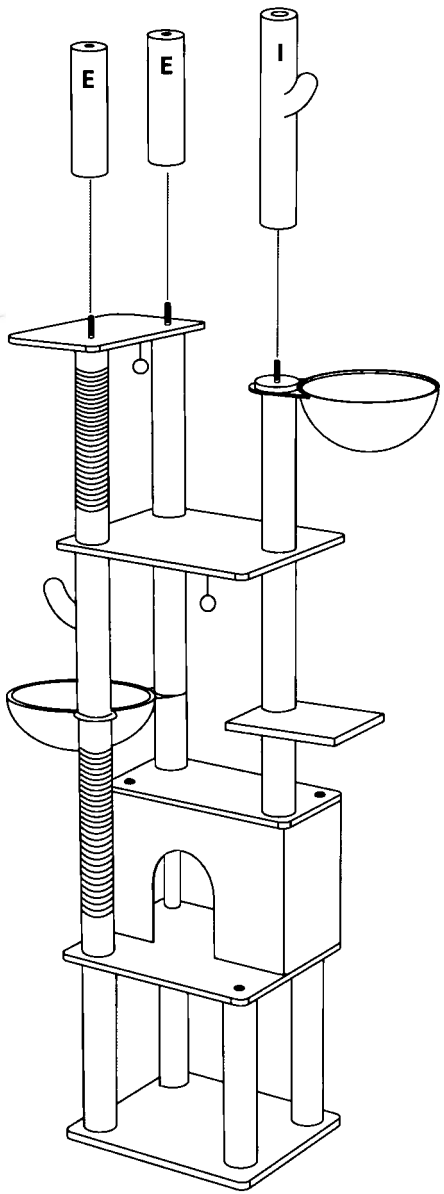
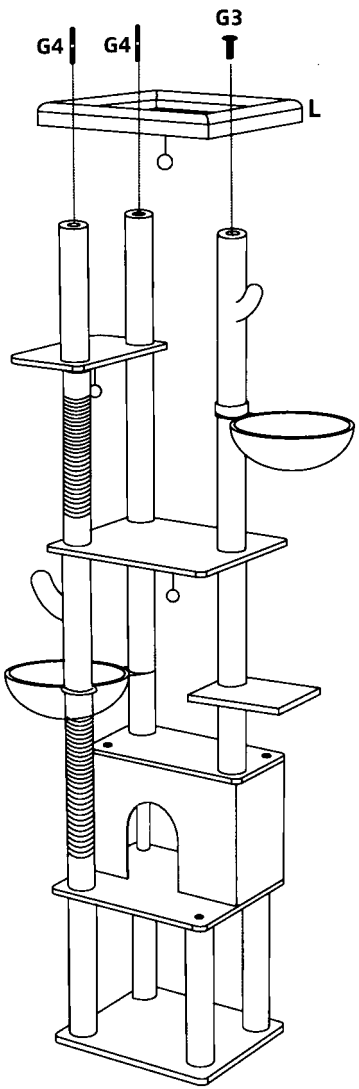
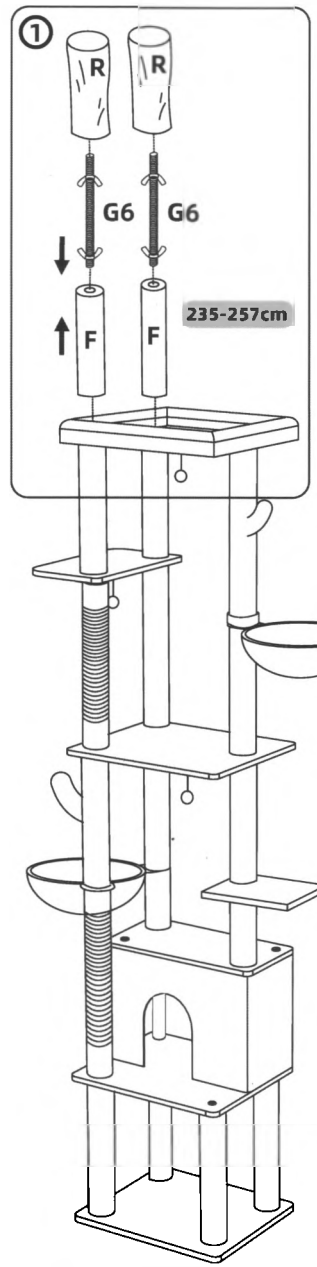
9



10



11



Measure the ceiling-to-floor height of your home first, and choose different combinations depending on the height.

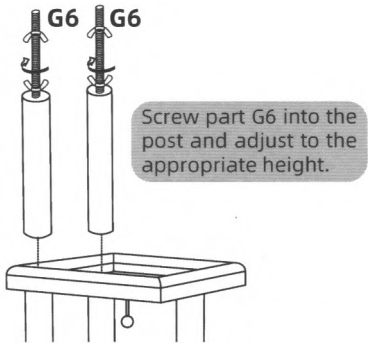
1.F+F suitable for **235-257cm**.

2.F+F can be replaced by C+C suitable for **220-235cm**.

3.(F+F)+(C+C) suitable for **256-275cm**.

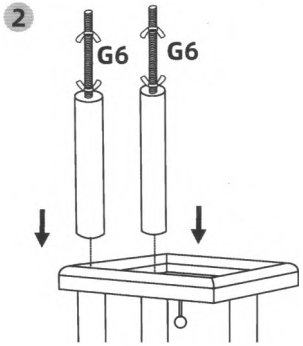
12

1

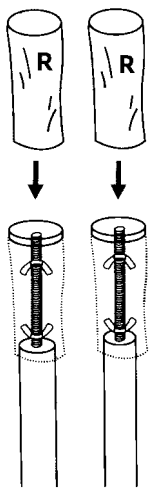


Screw part G6 into the post and adjust to the appropriate height.

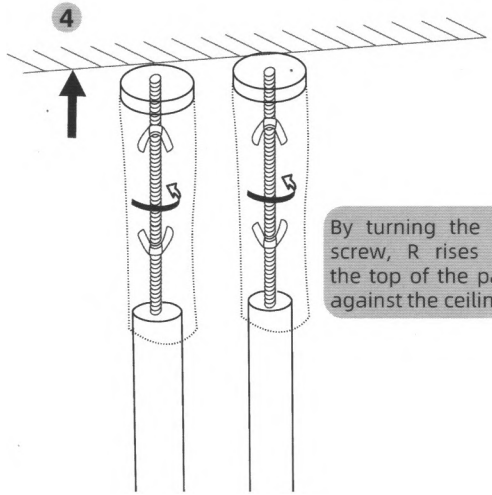
2



3

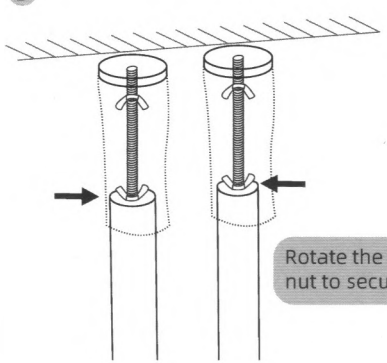


4



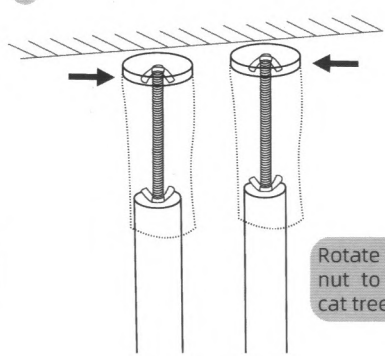
By turning the long screw, R rises until the top of the part R against the ceiling.

5



Rotate the lower nut to secure.

6



Rotate the upper nut to keep the cat tree stable.

Regular Inspection: Regularly inspect the structure and connecting parts of the cat tree to make sure that there is no looseness, and if you find any problem, please reinforce it promptly.

We suggest securing this product to the wall using the included safety strap for added stability.
